01 Survey & disability

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: F01, F02, F03

Proposed multi-select disability list. “Other” reveals its text field. Confirm selection rules with the programme owner.

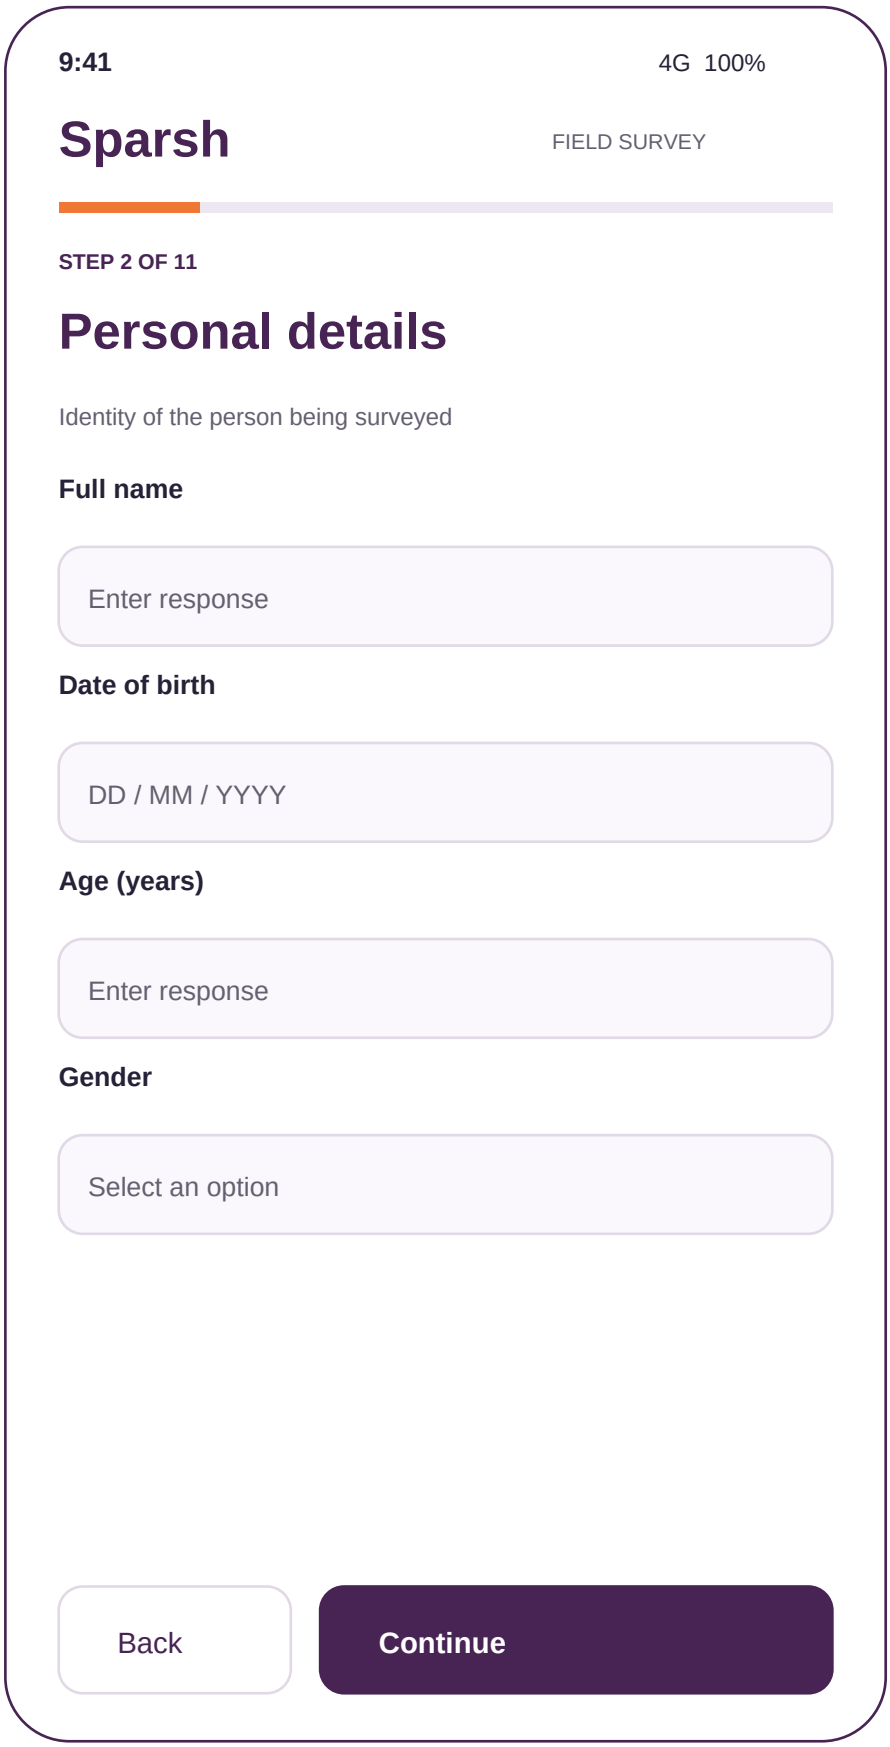

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

02 Personal details

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: F04, F05, F06, F07

Keep age and date of birth as separate source fields. Confirm how unknown birth dates and approximate ages will be recorded.

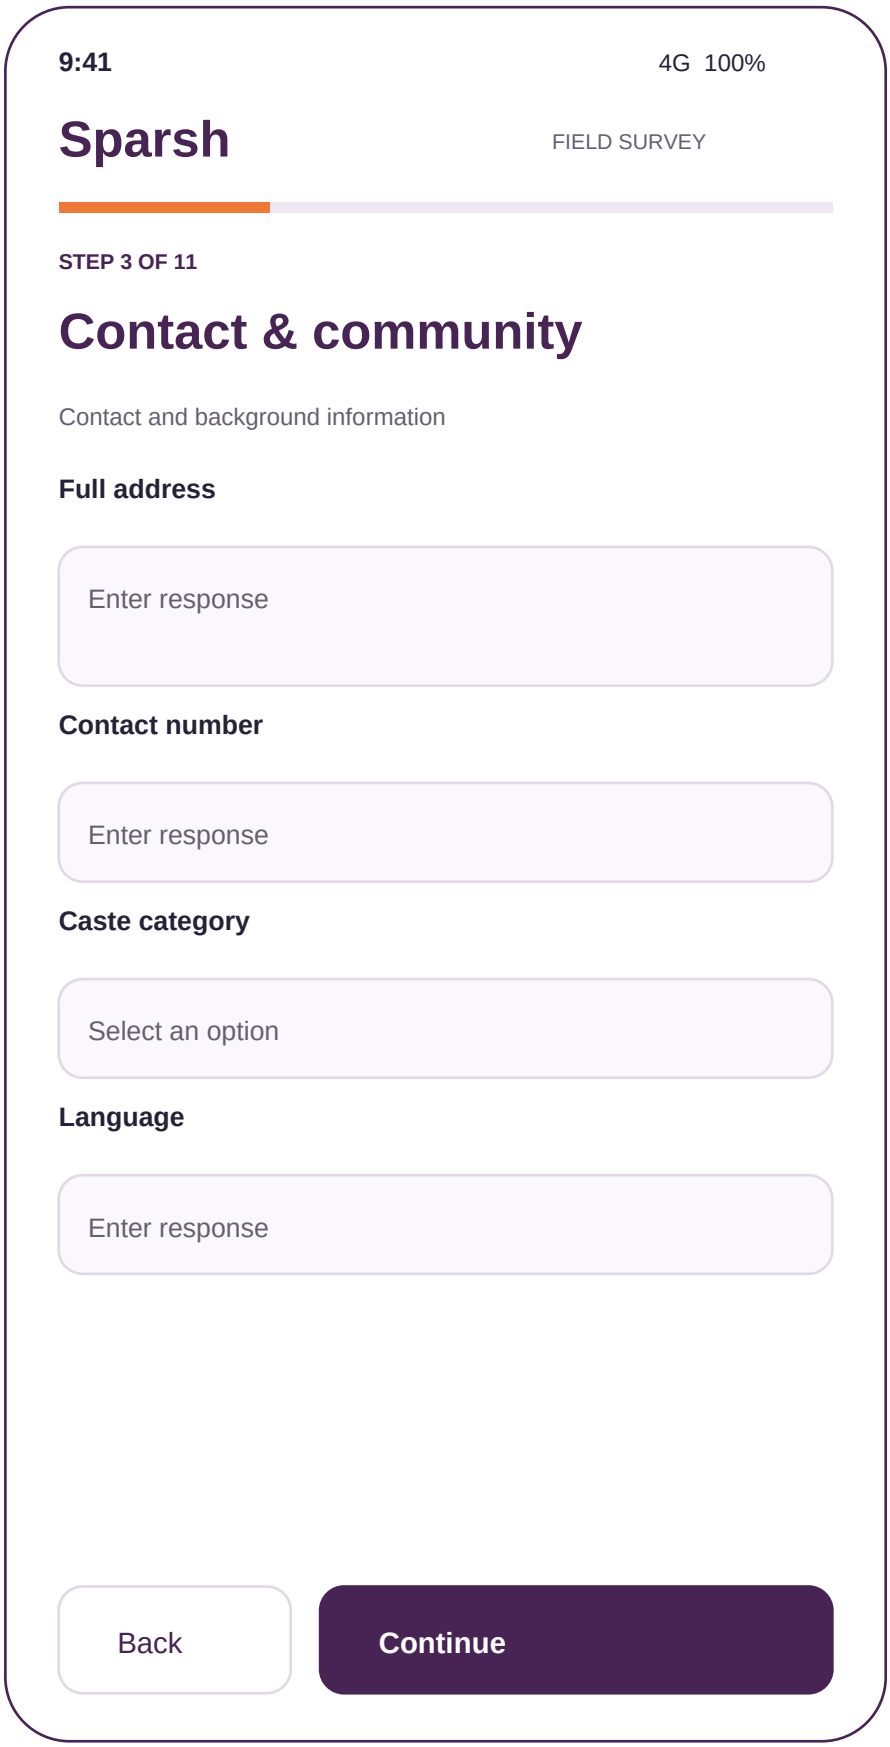

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

03 Contact & community

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: F08, F09, F10, F11

A contact number is a text value, preserving + and leading zeros. Full address remains one field, as in the source.

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

04 Family & livelihood

All values are blank. Conditional follow-ups are expanded for design review.

9:41 4G 100%

Sparsh FIELD SURVEY

STEP 4 OF 11

Family & livelihood

Household circumstances

Is there another person with a disability in the family?

o Yes o No

If yes, please specify

Enter response

Annual family income

Enter response

Family occupation

Enter response

Back Continue

SCREEN NOTES

Source fields: F12, F13, F14, F15

The family follow-up appears only for Yes. Currency is not stated in the source; confirm INR before adding a currency label.

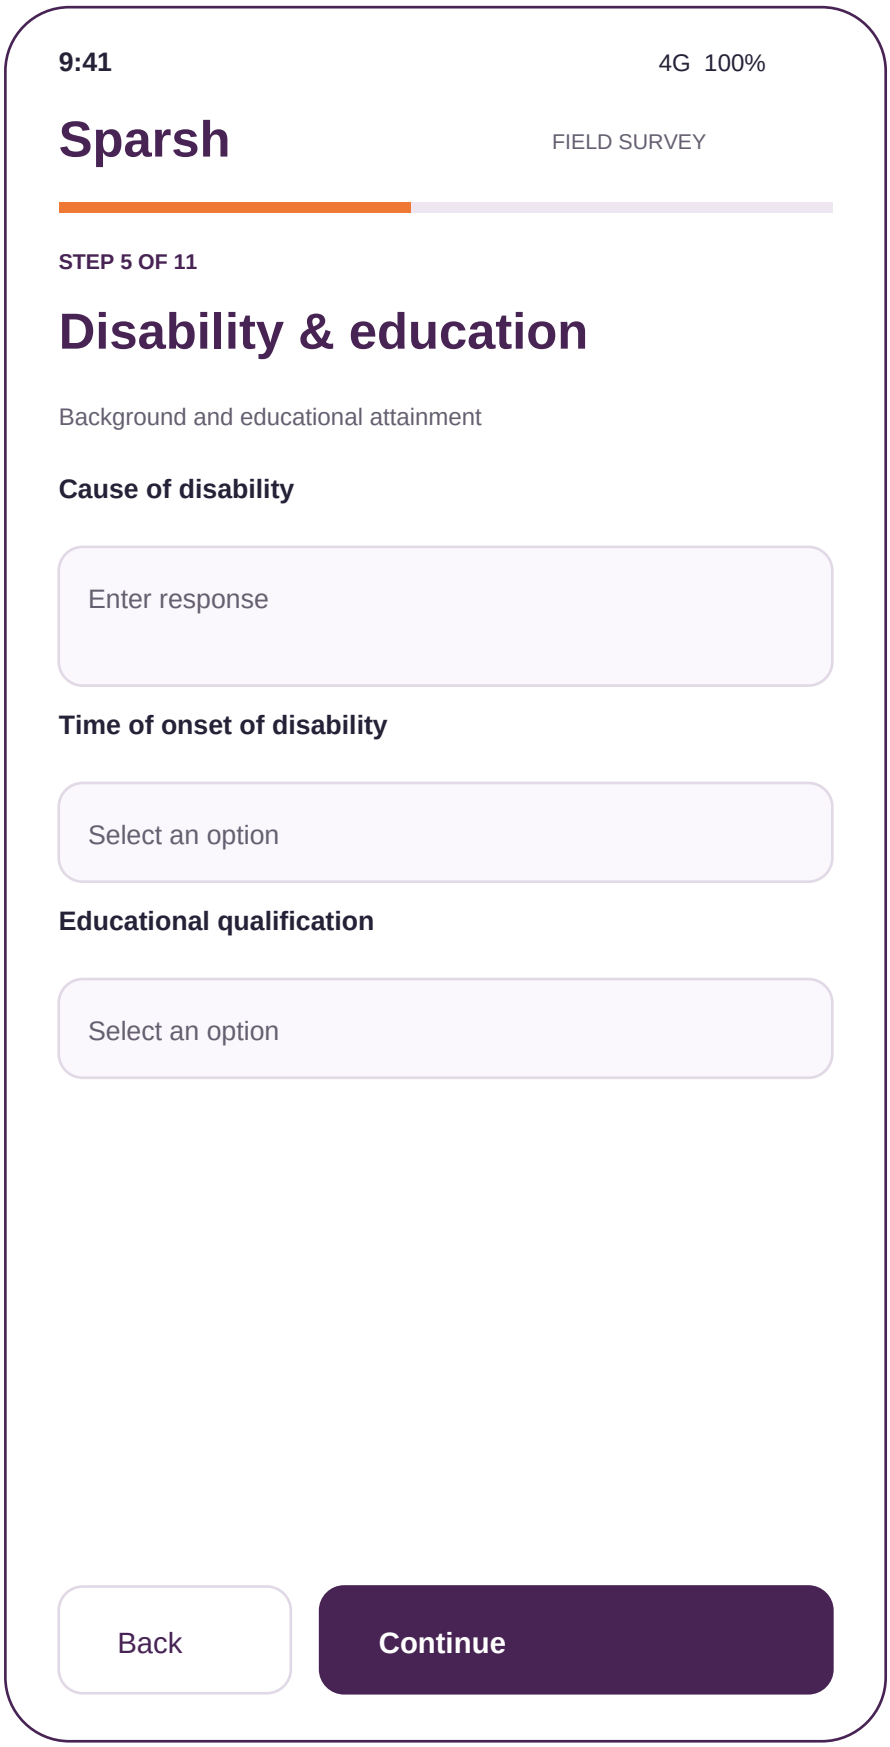

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

05 Disability & education

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: F16, F17, F18

The source groups these under educational information. The app uses a clearer heading. No additional “Other qualification” field is assumed.

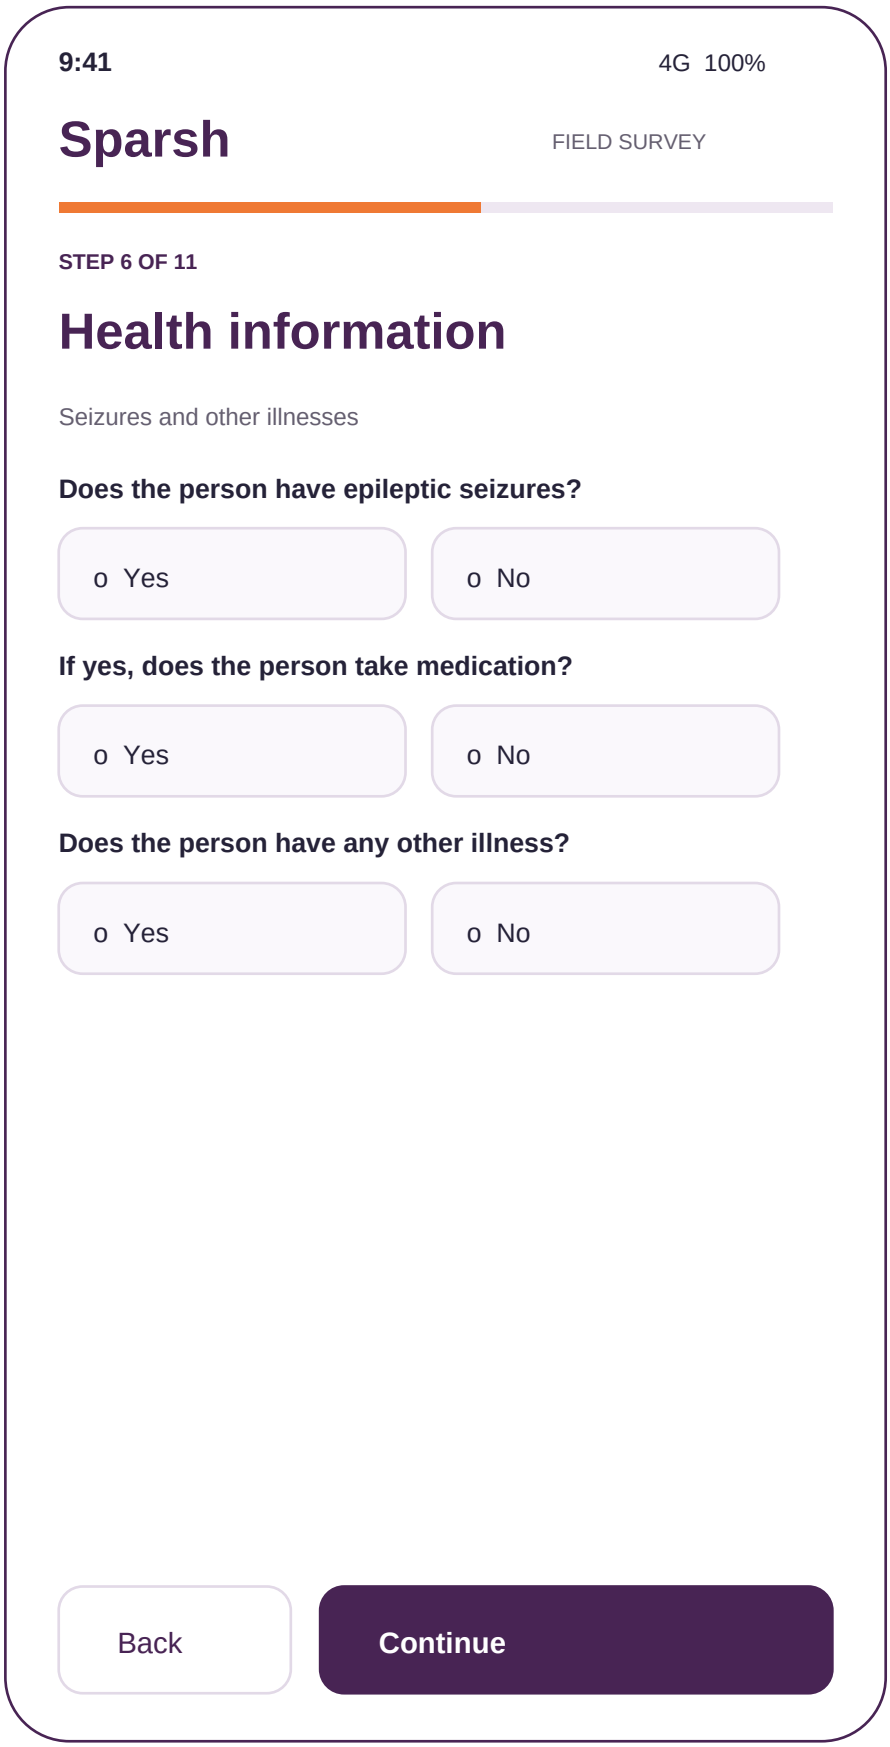

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

06 Health information

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: F19, F20, F21

Medication follows Yes to seizures. “Other illness” is a Yes/No question only; the source has no illness-details field.

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

07 Treatment & support

All values are blank. Conditional follow-ups are expanded for design review.

9:41 4G 100%

Sparsh FIELD SURVEY

STEP 7 OF 11

Treatment & support

Medical treatment and assistive devices

Has any other medical treatment been received?

o Yes o No

If yes, provide treatment details

Enter response

Has the person received any assistive device?

o Yes o No

If yes, name the device

Enter response

Back Continue

SCREEN NOTES

Source fields: F22, F23, F24, F25

Treatment details and device name appear only when their parent response is Yes. Both are expanded here for coverage.

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

08 Children's education

All values are blank. Conditional follow-ups are expanded for design review.

9:41 4G 100%

Sparsh FIELD SURVEY

STEP 8 OF 11

Children's education

Attendance, classes and training

Does the child attend an Anganwadi centre?

o Yes o No

Is the child currently studying at school?

o Yes o No

Class / grade

Enter response

Is the person undertaking vocational training / a course?

o Yes o No

Has the person received any other education / training?

o Yes o No

Back Continue

SCREEN NOTES

Source fields: F26, F27, F28, F29, F30

Retain class/grade and all education questions. Adult applicability and whether class should depend on school attendance need approval.

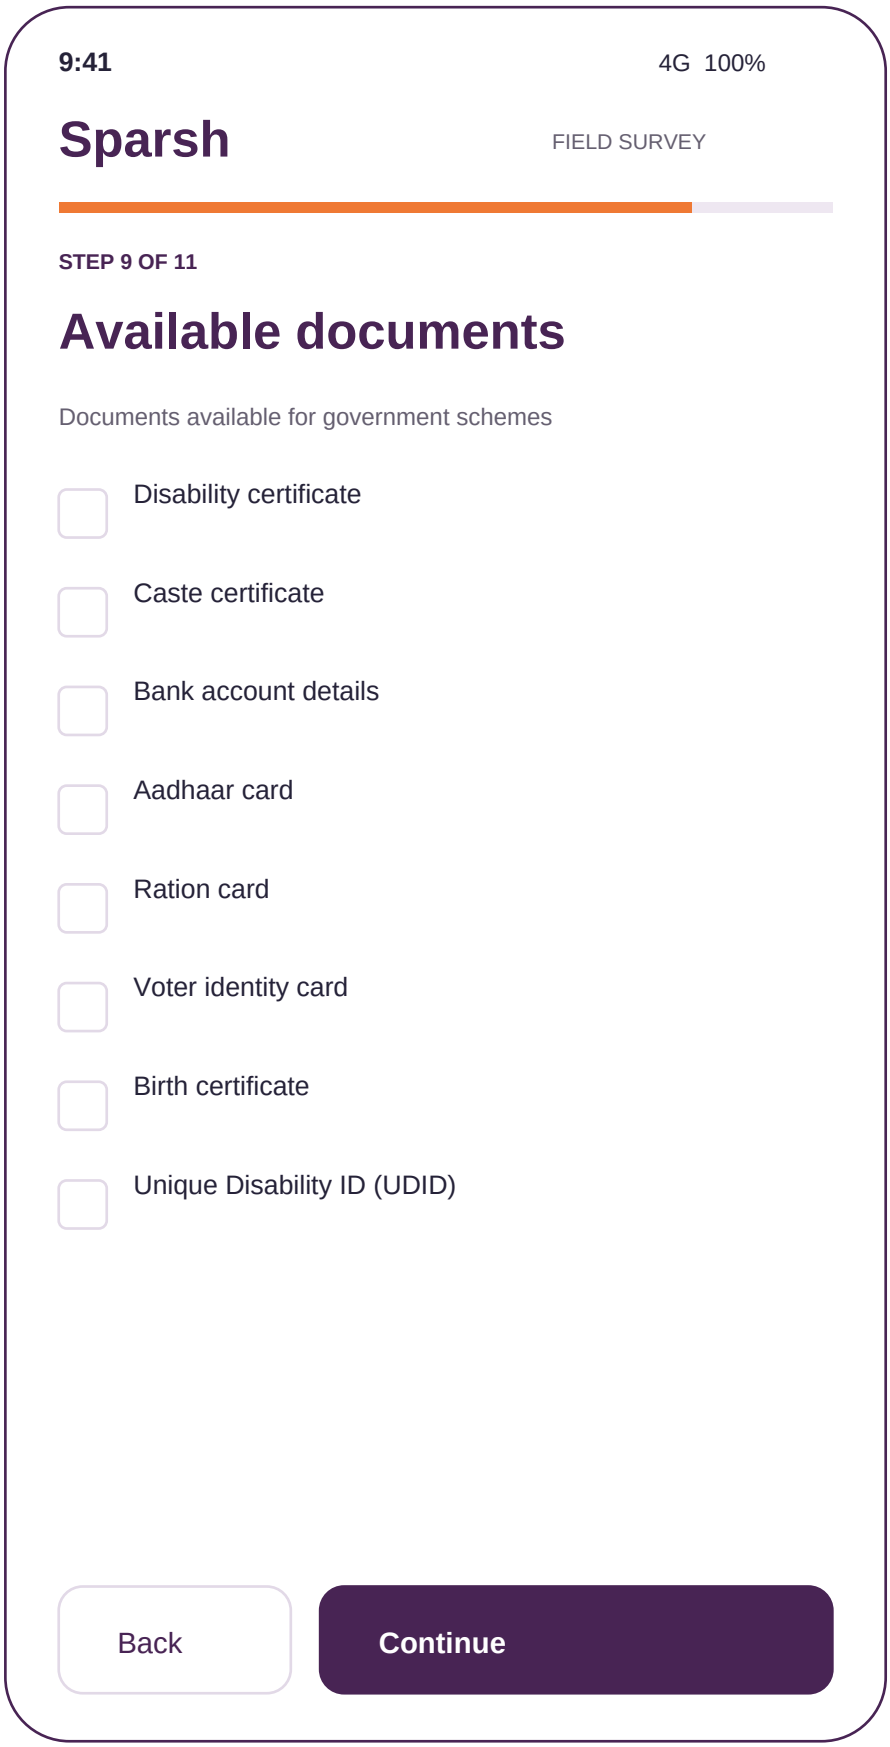

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

09 Available documents

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: F31, F32, F33, F34, F35, F36, F37, F38

Checkboxes indicate documents available. Do not collect document numbers, images or uploads without a separately approved requirement.

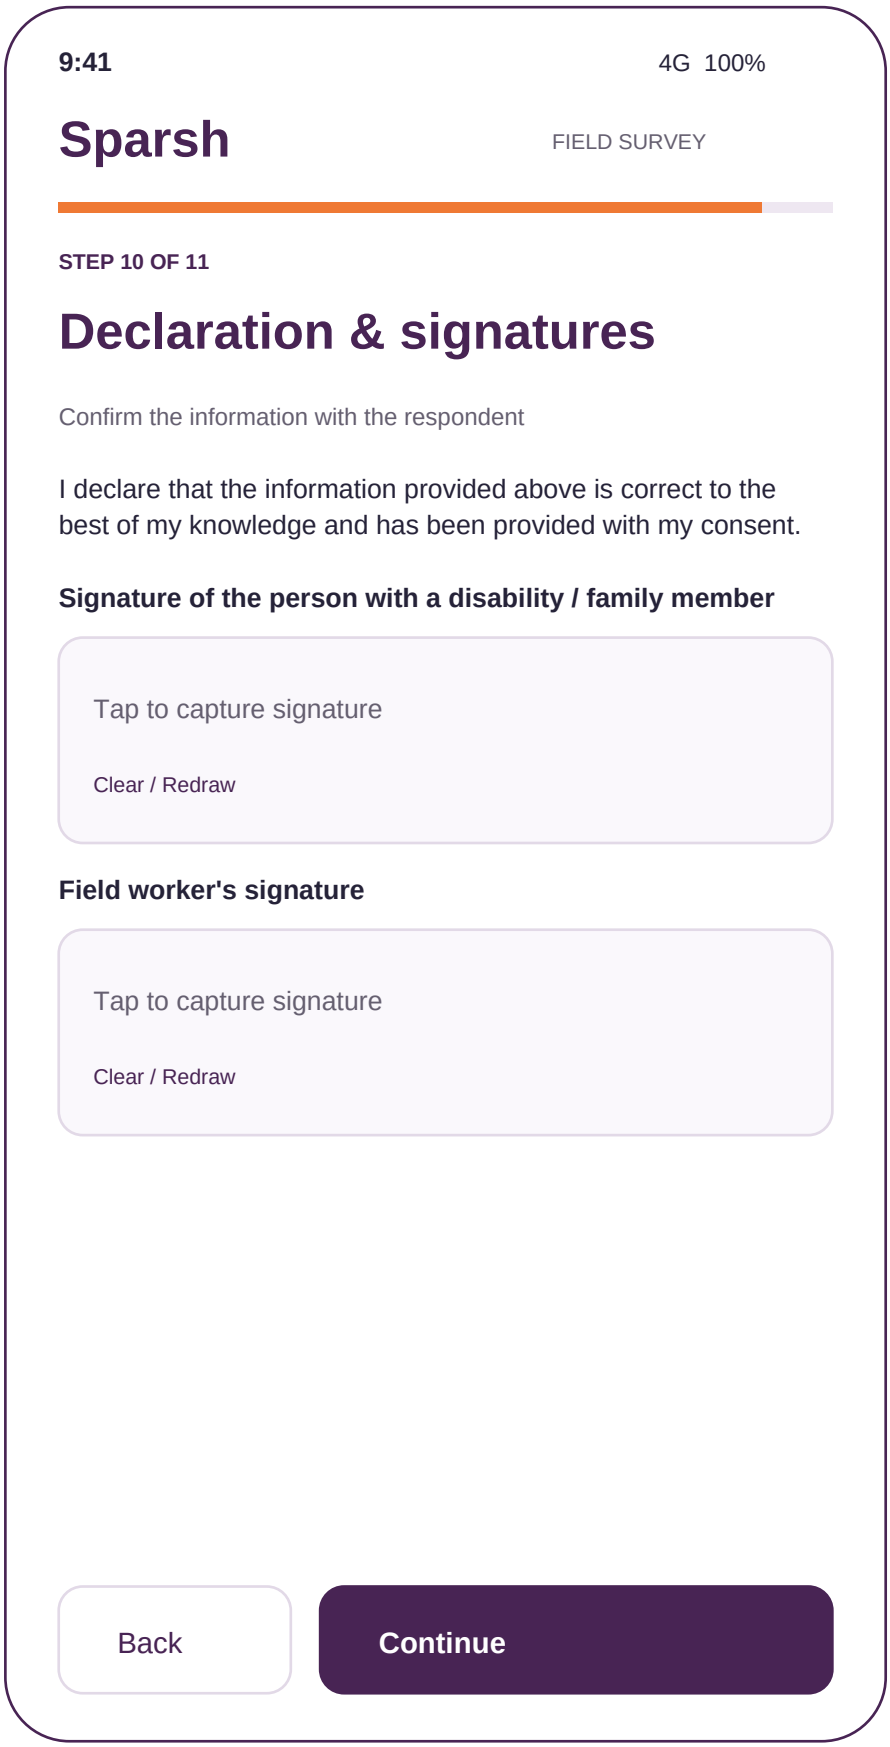

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

10 Declaration & signatures

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: F39, F40

Preserve the source declaration. Capture both signatures, with clear/redraw and an accessible alternative to be agreed before development.

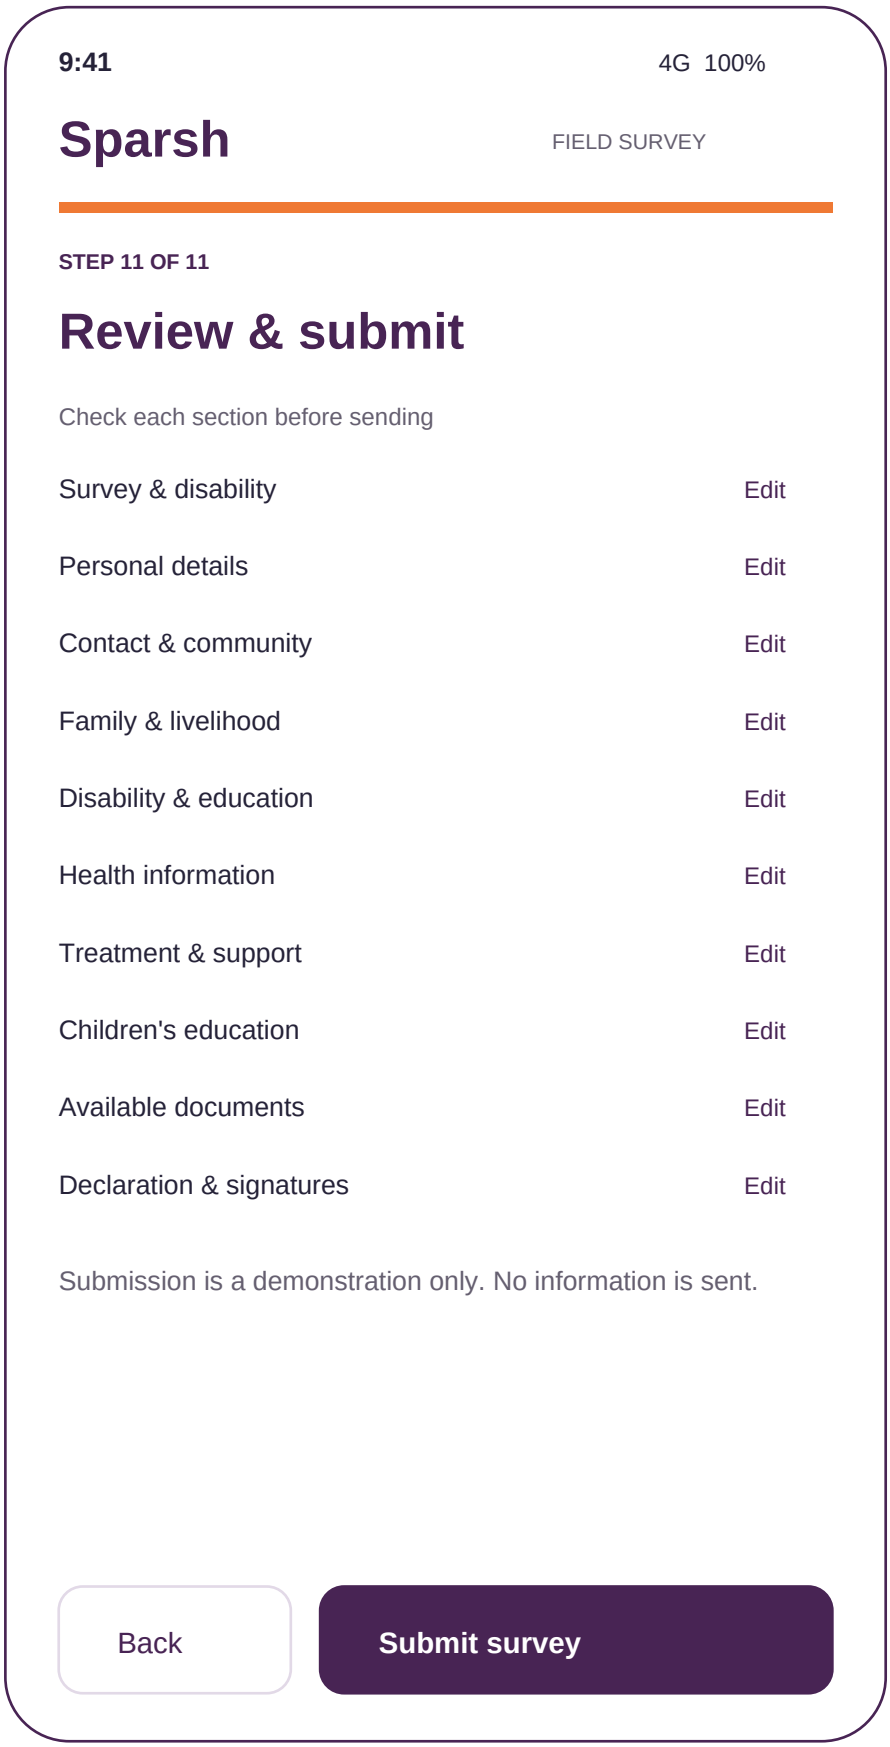

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.

11 Review & submit

All values are blank. Conditional follow-ups are expanded for design review.

SCREEN NOTES

Source fields: All F01-F40

Proposed app step. Review and edit all sections. A production build needs agreed validation, reliable saving, and a clear submission receipt.

DESIGN DIRECTION

Purple and orange inspired by the source identity; this is a proposed visual direction, not an approved brand specification. Large controls, clear labels and one-column forms.

Concept only. Offline storage, accounts, backend, security controls and final validation are implementation work.
